

The 5 Minute Expert on...

## UCOPIA Solutions

UCOPIA develops **access management solutions** allowing mobile users, employees, visitors and guests to connect securely and seamlessly on public or private Wi-Fi networks.

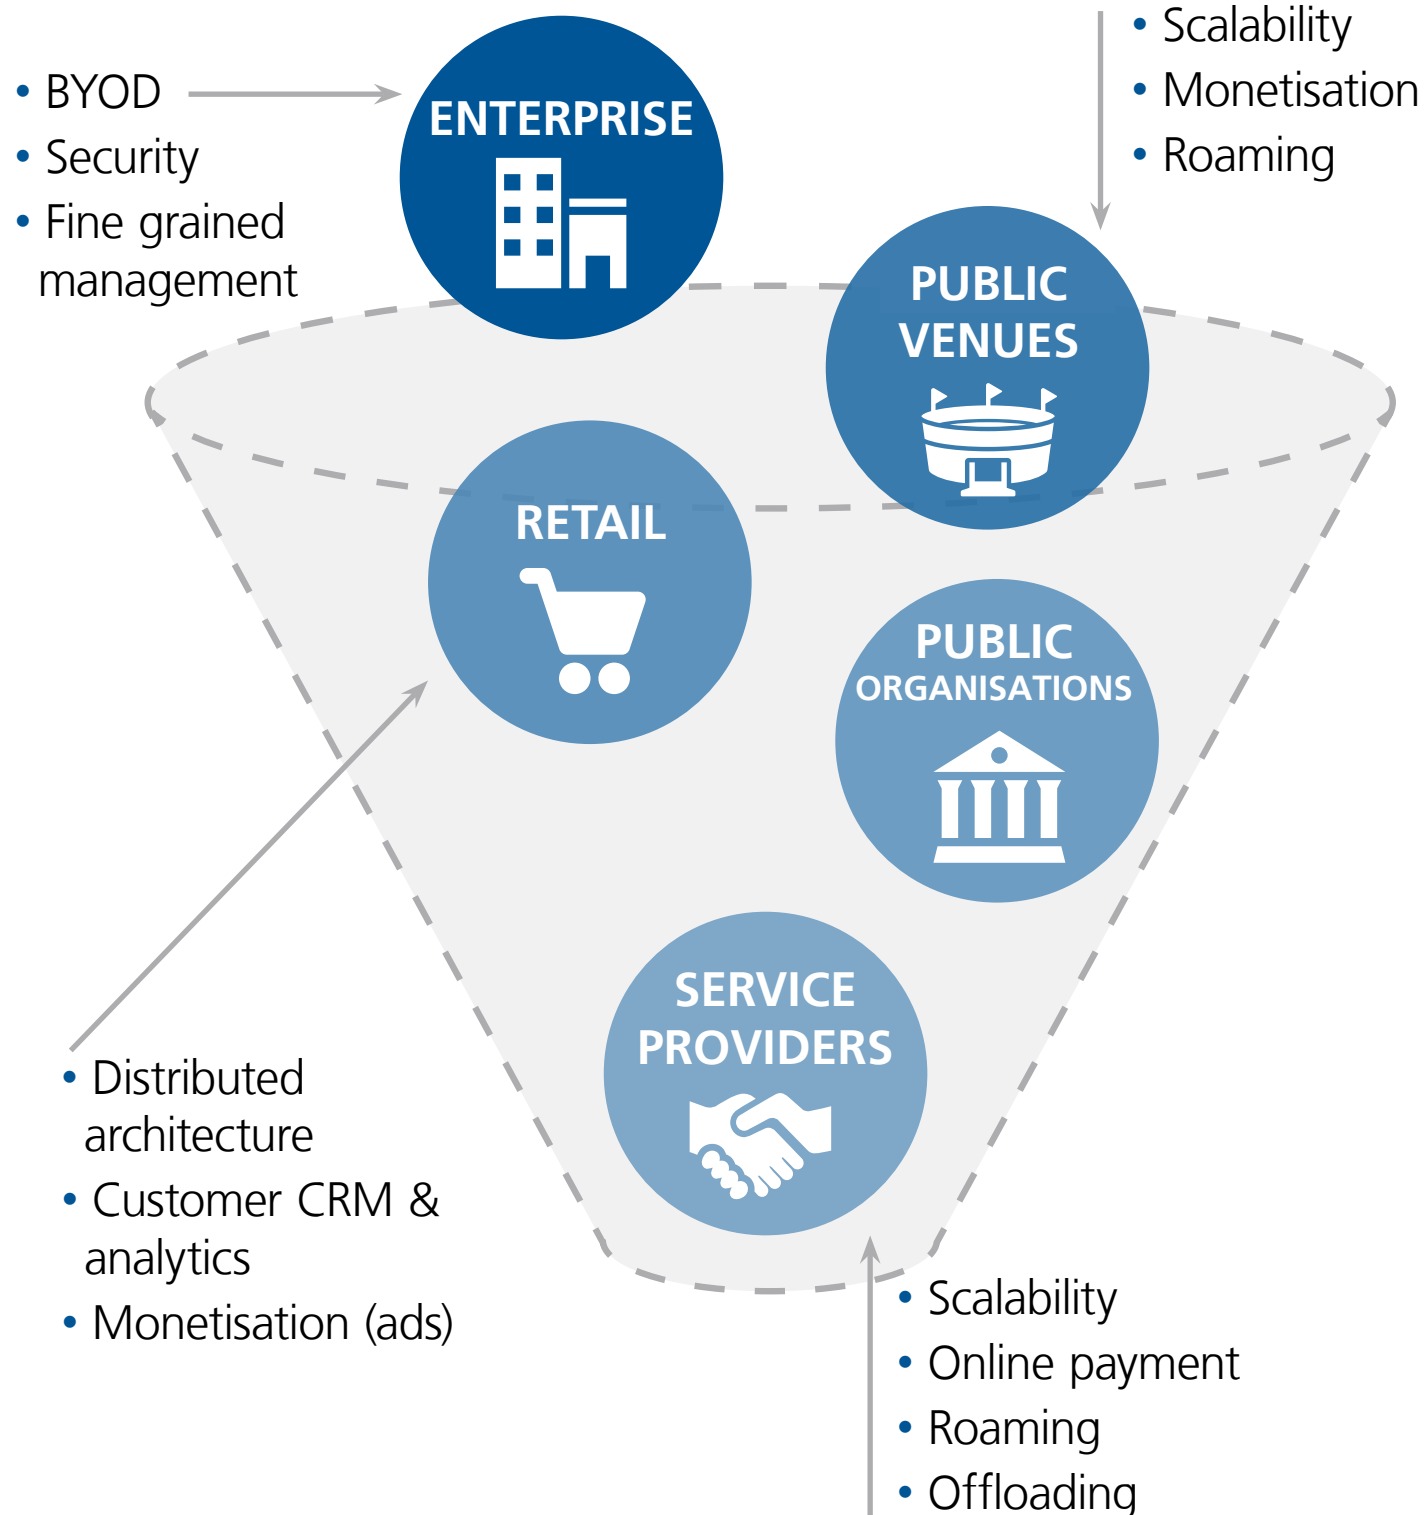

UCOPIA enables venue owners to leverage their Wi-Fi investment to **create new revenue opportunities** through database analytics and **strengthen employee productivity** through BYOD.

UCOPIA solutions are **deployed exclusively by a worldwide channel of expert resellers** in charge of implementing Wi-Fi networks along with UCOPIA solutions.
